DISTRIBUTION DECLARED

The Trustees of Great Northern Iron Ore Properties, at their meeting held on September 16, 2011, declared a third quarter 2011 distribution amounting to \$4.00 per share payable on October 31, 2011, to certificate holders of record on September 30, 2011. Previously, the Trustees paid quarterly distributions amounting to \$2.25 per share on April 29, 2011, to certificate holders of record on March 31, 2011, and \$3.00 per share on July 29, 2011, to certificate holders of record on June 30, 2011. The first, second, third and fourth quarter 2010 distributions amounted to \$2.00, \$2.75, \$3.75 and \$3.75 per share, respectively.

As previously reported, the increased demand for steel, which impacts overall taconite production, has resulted in steady production by our lessees. In addition, the producer price indices, which impact our royalty rates, have improved throughout the year. Barring any unexpected production cutbacks from our lessees' mining plans, and dependent upon the economy's overall recovery, we expect the results for the year 2011 to be better than those of 2010.

As previously reported, the Trust of Great Northern Iron Ore Properties will terminate on April 6, 2015, pursuant to the terms of its original 1906 Trust Agreement. The certificate holders (shareholders) at the end of the Trust will receive a final distribution after its wind-down and final accounting, which distribution will essentially represent the net monies remaining at that time. Upon Trust termination, the shares will be cancelled and, after the final distribution to the certificate holders, all properties will be conveyed to the reversioner. More information on the termination of the Trust is available on the Trust's Web site at www.gniop.com or within the Trust's Annual Report, which is also available on the Trust's Web site or may be requested by calling the Trust office at the telephone number listed above.
