DISTRIBUTION DECLARED

The Trustees of Great Northern Iron Ore Properties, at their meeting held on December 13, 2013, declared a fourth quarter 2013 distribution amounting to \$2.65 per share payable on January 31, 2014, to certificate holders of record on December 31, 2013. Previously, the Trustees paid a quarterly distribution amounting to \$2.25 per share on April 30, 2013, to certificate holders of record on March 28, 2013, \$2.50 per share on July 31, 2013, to certificate holders of record on June 28, 2013; and \$2.60 per share on October 31, 2013, to certificate holders of record on September 30, 2013. The first, second, third and fourth quarter 2012 distributions amounted to \$2.25, \$3.00, \$3.50 and \$5.25 per share, respectively.

As previously communicated, the Trust in the year 2013 will not attain the historical record earnings and distributions of the last two years. However, it will likely rank within the top ten years of the Trust's 107 year history in terms of both earnings and distributions. Barring any unexpected production cutbacks from our lessees' mining plans in 2014, and subject to the economy's continued recovery and the impact of the producer price indices on our royalty rates, we anticipate earnings in 2014 to be comparable to those of 2013 and possibly slightly better, making it another good year for the Trust.

GNI, St. Paul, Minnesota, owns mineral and nonmineral lands on the Mesabi Iron Range of Minnesota. Income is mainly derived from royalties on iron ore minerals (principally taconite) mined from these properties which are under lease to major steel producers. As previously reported, the Trust of Great Northern Iron Ore Properties will terminate on April 6, 2015, pursuant to the terms of its original 1906 Trust Agreement. The certificate holders (shareholders) at the end of the Trust will receive a final distribution after its wind-down and final accounting, which distribution will essentially represent the net monies remaining at that time. Upon Trust termination, the shares will be cancelled, all properties will be conveyed to the reversioner and, thereafter, the final distribution to the certificate holders will occur. More information on the termination of the Trust is available on the Trust's Web site at www.gniop.com or within the Trust's Annual Report, which is also available on the Trust's Web site or may be requested by calling the Trust office at the telephone number listed above.
